# What do they do?

The role of each locality planning group is to

be a **partnership** between children and young people, families, communities and representatives of agencies at locality level at a geography that makes sense to the local community

draw up a locality **plan** to address priorities identified through **outcomes based planning** and to

**mobilise local resources** from the statutory, voluntary and community sectors to address these priorities – as part of the Children and Young People's Plan
