

Notes to discussion on 2014-2017 CYPSP Plan

1. The CYPSP has agreed to maintain the existing strategic direction and roll forward the 2011-2014 plan. A more substantive revision of the plan will take place in line with the new Programme for Government cycle.
2. The plan was circulated in February to CYPSP members and then presented in draft form at the February meeting. Changes have been made based on the feedback received.
3. It is not our intention to go through the plan page by page but around the tables there are opportunities for additional feedback at key points of the meeting. These can either be noted, on the form provided and/or raised in discussion.
4. The specific 'Agreed Actions' and 'What CYPSP has been asked to do' all have emerged from discussions over the last three CYPSP meetings.

Sections of CSP Plan	Input to the CYPSP meeting	Linking to agreed actions in CYPSP Plan	Discussion points
Purpose of the partnership	No change at this stage but revisit depending on outcome relating to children's services cooperation bill.	-	Seeking endorsement of this decision.
Information	Valerie Maxwell's input will focus on information system and specifically the area profile tool and report card arrangements-the tools to enable us to demonstrate outcomes based planning and monitoring. We will use the Family Support Hubs card as an example of monitoring outcomes.	Demonstration of outcomes/use of evidence (page 15)	Any other comments relating to section of plan relating to information and associated action points can be raised through discussion or noted at table.

Strategic Context / Interfaces with other planning processes	June Wilkinson's input on new children's strategy and children's services cooperation bill (which has the potential to change the context in which we work) are based around the themes of strategic context/Planning Interfaces	Working to deliver greater collaboration and less overlap-integrated planning and commissioning	Any other comments relating to section of plan relating to strategic context/planning interfaces and associated action points can be raised through discussion or noted at table.
Principles/Focus of CYPSP Plan	These remain unchanged. The key point has been our agreement to focus on early intervention	Unchanged from previous plan	Seeking endorsement of this decision.

Sections of CSP Plan	Input to the CYPSP meeting	Linking to agreed actions in CYPSP Plan	Discussion points
Agreed actions/what we have been asked to do	Input from Outcomes group Chair. This input will focus on the actions being taken forward by all Outcomes groups relating to developing models of different ways of working across agencies that improve outcomes without additional investment.	Agreed action relating to integrated planning and commissioning (page 16)	Anything additional in relation to agreed actions
Communication	Key messages identified in Page 20 of plan	Communicating our key messages	Anything additional in relation to agreed actions
