

## **Questions to inform the development of the Plan**

- Does the CYPSP statement of purpose require any change?
- What else needs to be added to the strategic context section?
- What needs to be done to ensure the CYPSP plan fits with other individual agency and partnership planning processes
- How do we deliver alignment with key planning processes- Programme for Government?
- What are the other important planning interfaces?
- Does the CYPSP statement of core principles require any change?
- Who are the vulnerable children CYPSP should focus on?
- Should CYPSP continue to focus on the development of early intervention?
- What needs to change, in terms of the CYPSP infrastructure, to support the work going forward?
