A navigation menu is open, listing various services such as Educational Support, Family Mediation, and Mental Health. 'Minority Ethnic Support' is highlighted in the menu. Below the menu, there are search filters for 'Minority Ethnic Support', including 'Keyword Search', 'Postcode Search', 'Any Distance', and 'All of N Ireland'. There is also a section for 'Search Childcare Services' with similar filters and checkboxes for 'Vacancies', 'Experience of Disability/Complex Needs', 'School Pick Up/Drop Off', 'Willing to accept Childcare Vouchers', 'Flexible Working Hours', and 'Pre-School Funded Places'. At the bottom, there is an alphabetical search bar from A to Z.

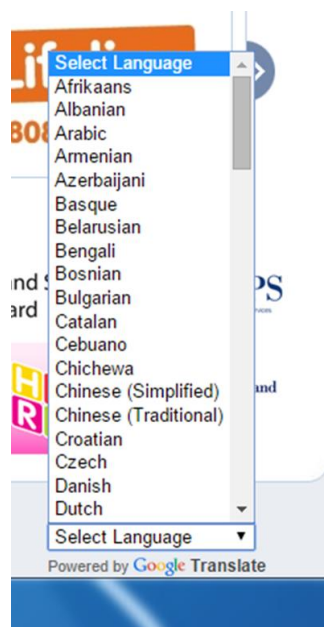

This section of the website provides contact details for services which provide support to Ethnic Minority community and/or their families.

Alternatively you can search the website using the 'Keyword Search' and typing in a Keyword e.g. 'Tuar Ceatha' or 'NICEM'

This website has been designed to be a useful information resource for Front Line staff, Families and/or Young People themselves to access contact details for appropriate services

Translations :-

After you have performed a search function on the website you can have the results translated into a range of languages by selecting the 'Select Language' option at the bottom of the home page :-

This is very useful if Front Line staff wish to print off various options for a client to who does not have English as a first language. They can take this information home in their own language to discuss with a partner/family. This provides people with more information / choice.

Information from this website can also be accessed via a **FREE childcare and family support App** which gives constant fingertip access to information from FSNI's comprehensive database of family support services across Northern Ireland.

The app can be accessed by searching for 'Childcare & Family Support NI' on App store or Google Play
