This can confuse people. Valerie said that is why the local qualitative information is so</p>	Valerie delivered a live workshop working her way through the statistics that the group had discussed.

important.

- Daisyhill was high scoring in all areas (noted by DEA Kerri Morrow).
- Less than 85% attendance at school statistics were looked at for both primary and post primary
- Children's disability- several emerging needs/isolation/leaving school/rural areas/Ballybot area/poor attendance/behaviour difficultly. Young People with Complex needs and Autism
- Percentage of children who are in income support houses- Ballybot 30.8%, Daisyhill 27.6%,Bessbrook 25.6%. Northern Ireland average- 14.1%
- Domestic Violence- 2nd highest out of Belfast (lack of services for 14- 18 year olds)
- Lack of additional resources- i.e- transport was discussed as being a barrier.
- CAMHS referrals- 343- discussions were had about inappropriate referrals
High number of Young People being referred to CAMHS- one assessment- no mental health showing but have behaviour problems/difficulties/resilience and self-confidence problems then Young Person coming to the attention of the FSH
- Psychological issues are hidden- Impact on offending behaviours. Criminal responsibility 10 years.

Julie to draw up all the statistics discussed and put into document to circulate to group

Julie to invite Community Transport- Brian Groves

Michael to access statistics in this field

Members were asked to bring along any relevant statistics from their organisation
Statistics brought to the meeting have been included in the statistical overview attached along with the minutes
Linkages were made between Ann and Patrice during the discussion.

Ann and Patrice to meet up and discuss working together in the future

Small and Practical wins for Newry LPG

Tangible/work better together- apply for Newry and Mourne funding to address need identified. Mental health conference- Young Men being the target.
