

# THE PLACE BETWEEN

***Liv's sad and doesn't know why. Olivia needs to say Thank you. Amy knew it was too soon. Jack is standing too close to the edge. Four different people, four different battles and far more questions than answers.***

Developed and created by Prime Cut Productions working with young people from Lighthouse Charity, North Belfast Alternatives, Greater Shankill Alternatives and Hydebank Young Offenders Centre, ***“the Place Between”*** looks at Mental Health and Suicide through the eyes of our young people. We hear about the services and support in place and a war that rages to make sense of the world.
