	<p>Budgeting is a means of engaging with people in the community and giving them the opportunity to decide on the allocation of public money. It is an opportunity for people with no funding application experience to decide on a project and pitch for funding from public agencies. Workshops are set up where people can present their project and make a request for funding.</p> <p>David Patterson explained that the Building Change Trust has funded a group, Community Places to establish and support Participatory Budget pilots throughout Northern Ireland. Four regional Participatory Budgeting Roadshows across Northern Ireland have been arranged for March and April 2018 (see attached flyer). David encouraged everyone to attend one of the events. Links to the short Participatory Budgeting videos will be shared electronically.</p> <p>It is hoped that Participatory Budgeting pilots will be in place by the autumn.</p> <p>David Patterson tabled the NMDDCs Action Plan and asked the group if the Outcomes group could be the delivery mechanism for the children and family priorities/actions within the NMDDC community plan. Michael Murray explained that there is a conference on 19 April 2018 and a decision could be made at or after the conference on how the outcomes group could take forward this process.</p> <p>Stephanie Thompson reminded the Outcomes Group members that the South Eastern Outcomes Group Action Plan is still relatively new in delivery. Stephanie Thompson recommended in the first instance that the Outcomes Group members plot current work of the Outcomes Group Action Plan commitments against the NMDDC Action Plan. This will be taken forward by Stephanie Thompson, Ralston Perera, Noelle Holywood and Joanne Garrett and signed off by the chair at the next meeting.</p>	<p>All members encouraged to attend PB roadshow events</p> <p>PB overview paper to be circulated</p> <p>Stephanie, Ralston, Noelle and Joanne to complete NMDDC Community Plan with current actions</p> <p>To be signed off at next meeting</p>

4.	<p><u>Update Community Resolution Notices, Kelvin Doherty, Youth Justice Agency</u></p> <p>Kelvin Doherty, YJA, explained that 'Community Resolution Notices' are issued by the PSNI to young people whose behaviour might be on the periphery of anti-social behaviour and bordering on a criminal charge. If a child is issued a CRN whilst under the influence of substance, alcohol and or drugs the PSNI have agreed they will refer the child to the Youth Justice Agency. The Youth Justice Agency will complete an initial screening and assessment. The major of children will require no further work. The agency will sign post children on if they feel they require further assistance and the parents are reporting they are involved in other things. Some children could be referred to the Family Support Hubs.</p> <p>Kelvin Doherty advised that a CRN can only be issued once to a child within a twelve month period.</p> <p>The issuing of CRNs in Bangor is steady but it is felt this will increase around July. The Executive Office is aware that this is a key risk of the programme.</p> <p>To mark the end of the project an event is planned for the beginning of June in the Long Gallery, Stormont.
